To All of My Patients:

We are moving – and you are coming along!

RANDALL MANOR
DENTAL CARE
MICHAEL L COSTA DMD
YOUR NEIGHBORHOOD DENTIST

I am thrilled to announce that I have acquired a second practice on Staten Island and we will be moving our office into their current office space. Our first day in the new office will be Monday June 15th.

NOW STOP… Breathe… Don't panic… This is a very good thing for all of us!

We are going to be in a medical building at 1870 Richmond Road in Dongan Hills. It's about a seventeen minute ride without traffic and there is street parking on Richmond Road and along the side streets. We'll have a side entrance on Hull Avenue that is street level and wheelchair accessible. We share the space with a medical practice and a lab that does blood work which might turn out to be an added convenience for you.

I know I have spoken with many of you about this over the past two years during your visits – and I know you can feel and see it when you are at the office – we are literally bursting at the seams in our current space. Two treatment rooms and our tiny front desk are preventing me from growing the practice and more importantly affecting our ability to offer more convenient appointments to you, our patients.

The new office is almost double the space and will allow us so much more flexibility when booking treatment, fitting in emergencies and follow-ups, and seeing all the new patients that you have always been so kind enough to refer.

I really appreciate your years of loyalty and support and want to stress that relocating the office from this neighborhood was a very tough decision for me but ultimately the right move long-term. Expanding within the current building wasn't a viable option. And I was terrified of starting a ground-up construction project.

I know moving the office will be a tough sell for some of you that have been able to practically walk to your appointments for all these years BUT remember how much you love us and that we are worth the new "commute".

As much as we have planned out our ideal moving timeframe, I know there will be some bumps in the road and we will have to reschedule some appointments. I apologize in advance and thank you again for your patience and understanding as we all settle into the new space.

Phone numbers, email address, etc. will all remain the same and we will be texting new address info in your upcoming appointment reminders. You can also check our website: www.randallamnordentalcare.com for updates and a copy of this info. If we need to change your appointment we will reach out to you in the next few days.

We are all really excited for this opportunity to grow and expand the practice and we cannot wait to see you for your next visit in the new office!

Sincerely,

Dr Costa and the Team at Randall Manor Dental Care
